SASOL

Sasol **FuelEasy** offering provides a **wide range of benefits.**

## QUALITY PRODUCT AND SERVICE

**Developed in South Africa for South African conditions** | Sasol's energy products are locally developed and tested in our world-class research and development facilities by a dedicated team of scientists and engineers.

**Quality product** | Access to high quality, ultra low sulphur fuels containing the latest performance-enhancing additives.

**Our fuel products are guaranteed** | Peace of mind operation backed by the product quality guarantee.

**Access to our expert technical team** | As a Sasol **FuelEasy** customer, you have access to various after sales support services such as technical market support and product quality management.

**Track record of successful collaborations** | Our team of expert technical specialists are available to assist in solving your current and future energy-related challenges.

**Customer centric approach.**

**Effective communication channels** | Dedicated channels of communication for all your business needs.

**Committed sales team** | You will have access to our expert sales team.

**Ongoing digital and technological developments** | This is to ensure we provide superior customer experience.

**Geared towards your financial needs** | Credit terms available upon request. T's and C's apply.

Peace of mind.

**Highly secure transaction platform** | Near real-time ability to monitor transactions which update every 60 Seconds. The chip enabled stickers are tamper-proof after it is affixed to the vehicle's window. All vehicles are first authenticated before receiving fuel through our unique pre-auth functionality.

**Highly secure forecourts** | CCTV cameras installed at all Sasol forecourts.

**No hidden costs** | There are no transaction fees or any other hidden costs.

**Complete cost control** | Transaction reports can be exported from the portal and a summary report can be viewed on the **Sasol FuelEasy** Mobile App. Receive daily reconciled FMS report and download replica transaction slips from the **Sasol FuelEasy** Mobile App.

**Online access** | Access to our online portal, **Sasol FuelEasy** Mobile App for Android / IOS and Huawei allowing you to have visibility of your fleet transactions at your convenience. A GPS Site Finder will enable a driver to use the Auto Search and Manual Search function on the **Sasol FuelEasy** Mobile App to be directed to the nearest **Sasol FuelEasy** site.

Where can **Sasol FuelEasy** customers use their cards and stickers?

**At participating Sasol Service Stations**
